

## **Simplesoft Solutions Opens New Office & Training Facility -- Access to I75 and the New Austin Pike Interchange Deciding Factors in Relocation**

*Simplesoft Solutions, Inc. is the first occupant in the newly developed Creekside Office Park in Springboro, OH. The ease of access to I75 and the new Austin Pike Interchange were deciding factors in relocation. On Thursday, June 18th, Simplesoft Solutions, Inc. will host a Grand Opening of their new office and training facility. Simplesoft has invited current and prospective clients and their business partners in the Springboro, southwest Ohio, and northern Kentucky areas to this Open House celebration.*

([PRWEB](#)) June 7, 2009 -- Simplesoft Solutions are the first tenants of the newly developed office complex located in Springboro at 550 N. Main Street, just South of West Lytle 5 Points Rd. Simplesoft Solutions, formerly located at 10851 Yankee Street in Centerville, is a customer relationship management (CRM) software and services consulting firm focusing on selling, implementing, developing, supporting, and training on the Sage CRM solutions suite of products: ACT!, SageCRM, and Sage SalesLogix.

Don Menrisky, President of Simplesoft Solutions says, "The location is perfect for quick access to I-75 and I am confident the Austin Pike interchange, being constructed nearby, will make it even more convenient in the future. The Springboro community has everything our employees need and I am so pleased to finally have enough space to conduct training classes, entertain more client visits, and have space available for future growth." "We also have 1,400 square feet of available space for lease in our building, which is ready to build to suit a professional, medical, or dental tenant." In addition, a second building is scheduled for completion in the spring of 2010. The office park is owned by Don & Sue Menrisky and was developed by Hibner and Associates of Vandalia, Ohio.
